WIGHITA MARKETS.

The Receipts of Stock at the Wichita Union Stock Yards for the Past 24 Hours Were: 468 Cattle, 859 Hogs, 244 Sheep, Shipments 430 Caltle, 94 Hogs, 244 Sheep.

WICHITA, Sept. 8.

There was considerable interest shown in the cattle market today. The receipts were only fair but the offerings for sale were more numerous than for several days past, consequently trading was livelier. It was claimed by the sellers that the gen-eral cattle market was about 10c lower; but the buyers thought that by taking the quality of the stock into consideration the prices were about the same as last Saturday and yesterday.

The quotations nore presented are to give the hupper as likes of the general range of prices. This carious classes and grades sell within the limits of less quotations, according to the quality of offers, and the state of the dully markets. These qualities are only changed when there has been a secretarent change in the general market. GATHER ROSEBUDS WHILE YE MAY.

Gather ye rosebuds while ye may, Old time is still a flying. And this same flower that smiles today Tomorrow will be dying. The glorious lamp of heaven, the Sun,

The higher he's a getting The scoper will his race be run— The nearer he's to setting. That age is best which is the first, When youth and blood are warmer,

But being spent, the worse, and worst Then be not coy, but use your time, And while you may go marry.

For having lost but once your prime

You may forever tarry.

The Invention of Spectacles. The honor and credit of pointing out the benefit of glasses to aid defective vision be-longs to Roger Bacon, who lived from 1214 to 1232. The Farmers' Alliance of Ohio has entered the campaign with a very plain spoken platform and the Hon. John Seitz as a candidate for governor. As their convention at Springfield was an extremely animated one, as all the state was represented and each delegate spoke his mind on the subject, the platform must be taken as their deliberate opinion on what they want.

After the usual declarations for national union, equity, justice, etc., they declare emphatically for the abolition of national banks, the issue of 1-oal tender

of interest not to exceed 2 per cent." They also want free coinage of silve graduated income tax, suffrage with regard to sex, government ownership railroads and telegraphs and so changes in the state constitution. Their candidate, ex-State Senator John Seitz, is a solid citizen of Seneca county, about sixty years old, and a farmer, living on his own farm near Tiffin. He is by early association and habit a Democrat, and as such was six years the representative and two years the senator acres anywhere else in the United States. Kansas soil well farmed produces more than any other in the United States. Think from Seneca in the state legislature, but has long inclined to more radical measof this and then come and see it and us. Now is the time to buy before a land boom. In 1887, also, he was the Union Labor candidate for governor.

Fast Trips Across the Continent. A quick trip was made recently by the Baron and Baroness von Schroeder and their three children from San Francisco to New York.
